Would you like to become a Dyslexia Trainer?

Novio have been awarded funding to train an additional Dyslexia Trainer to work in the area.

This could be a great opportunity for a professional who is currently teaching English in a mainstream school setting.

You would need:

- *To already be teaching English and have evidence of working with students with some additional needs.*
- *To have the approval and support of your Headteacher and senior management team*
- *To be prepared to deliver a minimum of one training event per year for Novio as from September 2016.*

The time taken to become a Dyslexia Trainer will depend on the level of evidence and portfolio of work you are already able to produce.

To express and interest, or for further details email us at:
